b. Representatives of the Procurement Division, Office of Logistics, and the Office of Personnel are surveying the marketplace for a trophy-like stand to house various varieties of medallions issued to retirees. Upon identifying a stand constructed of walnut and plexiglass to allow for maximum viewing, a request will be forwarded to the Division for negotiation and contract award.

x8105)

c. Representatives of the Procurement Division, Office of Logistics, met with Business Machines of America (BMA) on 26 November 1986 regarding the contract to maintain government owned typewriters. BMA was informed that they were not in compliance with the following terms and conditions: ~~time responsiveness~~ to service calls, adequate inventory of replacement parts, and the requirement that replacement parts be new and equal to the original manufacturer's parts. Another meeting has been scheduled for 5 December 1986 to discuss how and when BMA will correct the above mentioned situation. ~~No formal proceedings are anticipated.~~

No  
25X1 d. On 25 November 1986 the Procurement Division and the Networks Systems Engineering Group, Office of Information Technology briefed the successful offerors resultant from its solicitation for systems software engineering. Each of the seven contractors will have contracts covering one or more tasks supporting this group wide requirement. The task statements of work were distributed with proposals due back on 5 December 1986. These proposals are to be evaluated and contracts and task orders placed in time for the contractors to begin work on 2 January 1987. [redacted]

No  
25X1 e. Procurement Division, Office of Logistics has issued a sole source Request for Proposal to support various Agency offices. The Requests for Proposal has been issued to Floating Point Systems, Inc. and will entail the discounting of future hardware software purchases and maintenance of the same by the Agency under a general support contract. [redacted]

yes  
(59) 25X1 f. In support of the Intelligence Information Systems Group, Office of Information Technology, ~~the Procurement Division~~ issued a modification to ~~the~~ contract which allows the contractor's Sensitive Compartmentalized Information Facility (SCIF) to be governed by Defense Intelligence Agency (DIA) regulations since no Agency documents will be stored in the SCIF. The modification also allows contractor personnel working solely at the DIA facility to comply with DIA clearance procedures. However, all work performed for the Agency will still be governed by Agency regulations. ~~The Security Staff, Office of Logistics concurred with this administrative modification. There is no cost or schedule impact anticipated on the contract due to this action.~~ [redacted]
